DAYMAKER

DAYMAKER builds intentional electronic sets for resorts, nightlife rooms, destination events, and open-air settings. His sound moves through melodic, organic, progressive, and deep house with patience, warmth, and a clear sense of place.

Based in Coeur d'Alene, DAYMAKER founded and produces No Ego Nights. He brings a promoter's instincts to the booth: reading the room, respecting the arc of a bill, and building momentum without forcing the handoff.
